Empowering individuals with disabilities through vocational training, volunteer opportunities, and employment opportunities

# S.T.E.P.S.

- Skills, Transitioning & Employment Pathways to Success or S.T.E.P.S. is a non-profit based in Deer Park, TX
- Focused on assisting adults with intellectual, physical, and emotional disabilities to find meaning and purpose through community-based vocational training.
- We believe every person deserves the opportunity to share their individual talents with the world.

# GOALS

1. Increase community-based vocational training, volunteer, and employment opportunities available to individuals with special needs in our area.
2. Give those who thought they were unable to work in the community a community-based vocational training, volunteer, and employment center where they can make the most of their individual talents.
3. Establish a permanent facility with multiple vocational training and volunteer centers within five years of inception
